Wood Un!

Parties indebted to this office who propose to pay in fire-wood, are notified that about now is not a bad time to bring it along. The weather is fine, roads good, and the work can be done and contracts complied with without pulling your stock to death, as may be the case at a later season.

The Weather.

A heavy rain fell here last Saturday night, in Mississippi, because his wife looked back since which time the weather has been clear, at him. bracing and pleasant. The farming population are all busy, gathering corn, putting in their seed wheat, etc. Notwithstanding the the East Tennessee and Virginia Railroad. moderate price at which wheat is now quoted and the downward tendency of the market, we learn that an unusually large breadth will be sown this Fall.

The Pumper Press Law. By reference to the Legislative summary in another part of the paper, it will be seen that the law requiring legal advertising to be done in journals designated by the Governor, has been repealed. The law was clearly unconstitutional, and had any one thought it worth while to have had it tested, it would have been so decided by the proper tribunal. Its repeal throws the business back to the requirements under the Code, to which Clerks, Justices of Tennessee, died in Boone county, Arkansas, the Peace, Sheriffs and others are respectfully a few days ago.
